

## GRADES 8-11

# GRADUATION PLAN ASSISTANCE

(ONLY AVAILABLE AS AN ADD-ON TO AWARENESS MODULES)

Developing and performing annual reviews of student Individual Graduation Plans (IGPs) in alignment with Bulletin 741 can be time-consuming. This service provides schools with a knowledgeable partner to create a seamless IGP process that exceeds the expectations of the state. The service includes collaboration meetings with a trained Career Compass staff member, customized activities for students including Jump Start information and college & career awareness, and data reporting dashboards for schools.

### SERVICE FEATURES:

- Collaborative meetings with Career Compass staff
- Learning activities customized for students at the appropriate grade level and pathway, including Jump Start
- Comprehensive data reporting for schools that can be used in district and state reporting
- This service is available only as an add-on to College & Career Awareness Modules

*All materials can be modified to accommodate special populations.*

### FROM A COUNSELOR:

*My school had to complete IGPs for more than 1,000 students. Without the physical presence of a coach at my school, it was difficult. The IGP service is GREAT. The Counselor Collaboration Meetings provided me with a person to brainstorm ways to present the required information to my students and organize the information gathered.*
